

Make your ceremonies unforgettable with “takeable experiences.”

Interactive performances × voice QR keepsakes—experience value no other venue can offer

The emotional moments created by interactive performances are preserved forever as voice QR keepsakes. A new option to offer your couples.

Stand out as “the venue where experiences go home.” Produce keepsakes with your own equipment for direct revenue. TokiQR runs server-free, offline, and virtually forever. Try it here.

Performances We Offer

Candle Ceremony

Guests and the couple join hands; a micro-current lights the central lamp—a shared vow of light

Pulse Visualization

The couple's heartbeats rendered as real-time visuals—see the pulse of the vow

LED Performance

Alcohol-sensing LEDs shift from blue to red—a colorful toast moment

Voice QR Keepsakes—Mementos That Preserve Voice

- **Digital QR (Free)** — Encode voice, images, and text into a QR with just a smartphone. Also works for guest-participation activities
- **UV Laminate (¥5,000)** — Producible with a printer, laminator, and A4 paper. A same-day keepsake made with your own equipment
- **Quartz Glass Plate (¥50,000)** — High-durability, premium keepsake shipped after the event. For the couple and their parents

Performances × Keepsakes—Ceremony Scenes

Vow Keepsake The vow audio from the candle ceremony, UV laminated. A special keepsake for the couple and both families

Pulse Memory The heartbeat waveform at the moment of the vow, recorded as a QR image. A visual keepsake of the heart

Bride's Letter Her voice reading the letter, captured in a voice QR. Gratitude to her parents, replayable anytime

Revenue Model

- **DIY Partner** — Your venue produces and sells UV laminates. 90% of revenue stays with you
- **Low Operating Cost** — Running costs are consumables only: A4 paper and UV film. No license fees or monthly charges
- **90% Goes to the Maker** — You manufacture, 90% is yours. We manufacture, 90% is ours. Simple and fair
