

TokiStorage

Voice Preservation for 1,000 Years

Democratizing Proof of Existence

Do you know your great-grandparents' face and voice?

Only a handful make it into history. Ordinary people are forgotten in three generations.

Three-layer distributed storage carries voice, portrait, and text 1,000 years into the future.

TokiQR — Voice Encoded in a QR Code

- Just scan and hear their voice — warmth, tone, personality intact (up to 30 sec)
- No service shutdown risk — plays on any smartphone, anytime, anywhere
- Print-ready · free to integrate into your own service
- Setup page: deploy from a single QR sticker (stamp rallies, tourism, events)
- Try it free now → tokistorage.github.io/qr/

Service Areas

- Personal** Wedding vows, legacy messages, family records, growth milestones
- Business** Hospitality voice, brand stories, corporate heritage
- Government** Cultural asset preservation, disaster messages, oral history
