

# TokiStorage

Voice Preservation for 1,000 Years

## Democratizing Proof of Existence

Do you know your great-grandparents' face and voice?

Only a handful make it into history. Ordinary people are forgotten in three generations.

Three-layer distributed storage carries voice, portrait, and text 1,000 years into the future.

### TokiQR — Voice Encoded in a QR Code

- Just scan and hear their voice — warmth, tone, personality intact (up to 30 sec)
- No service shutdown risk — plays on any smartphone, anytime, anywhere
- Deploy from a single QR sticker — print-ready, integration-friendly, for tourism, venues & events
- Try it free now → [tokistorage.github.io/qr/](https://tokistorage.github.io/qr/)

### Service Areas

<b>Personal</b>	Wedding vows, legacy messages, family records, growth milestones
<b>Business</b>	Hospitality voice, brand stories, corporate heritage
<b>Government</b>	Cultural asset preservation, disaster messages, oral history
