

Democratizing Proof of Existence

Do you know your great-grandparents' face and voice?

Only a handful make it into history. Ordinary people are forgotten in three generations.

Three-layer distributed storage carries voice and portrait 1,000 years into the future.

true story.

TokiQR — Voice, Portrait & Text in a QR Code

- Proprietary encoding technology (PCT international patent pending)
- Up to 30 seconds of voice in a single QR code
- Photos too — recognizable portrait quality in a single QR code
- Text too — up to ~2,000 characters compressed into a single QR code
- No server required — plays offline on any smartphone
- Print-ready · choose voice, image, or text — free to integrate into your service
- Custom deployment from a single QR sticker (tourism, venues, events)
- Place a QR sticker, earn 10% of every order — no upfront cost
